

VATS Segmentectomy course with hands-on practice on cadaveric specimens

Sep 30 and Oct 01, 2023
(08:00' – 12:00' and 08:30' – 12:00')

Day 1: HYGEIA Hospital's library on the 6th floor, Athens

Day 2: ELPEN's Experimental Research & Training Center, Athens

Welcome

This specific training program is addressed to Thoracic Surgeons who wish to expand their practice and knowledge in "preservation" techniques of lung parenchyma based on the latest scientific data.

The program includes basic principles of planning and performing lung segmentectomies with VATS and practical laboratory practice.

Yours sincerely,

George Georgiou

Medical and Clinical Education Manager

Agenda

Day 1 Lectures & simulation practice

September 30, 2023

Faculty: K. Athanassiadi, K.Papagiannopoulos

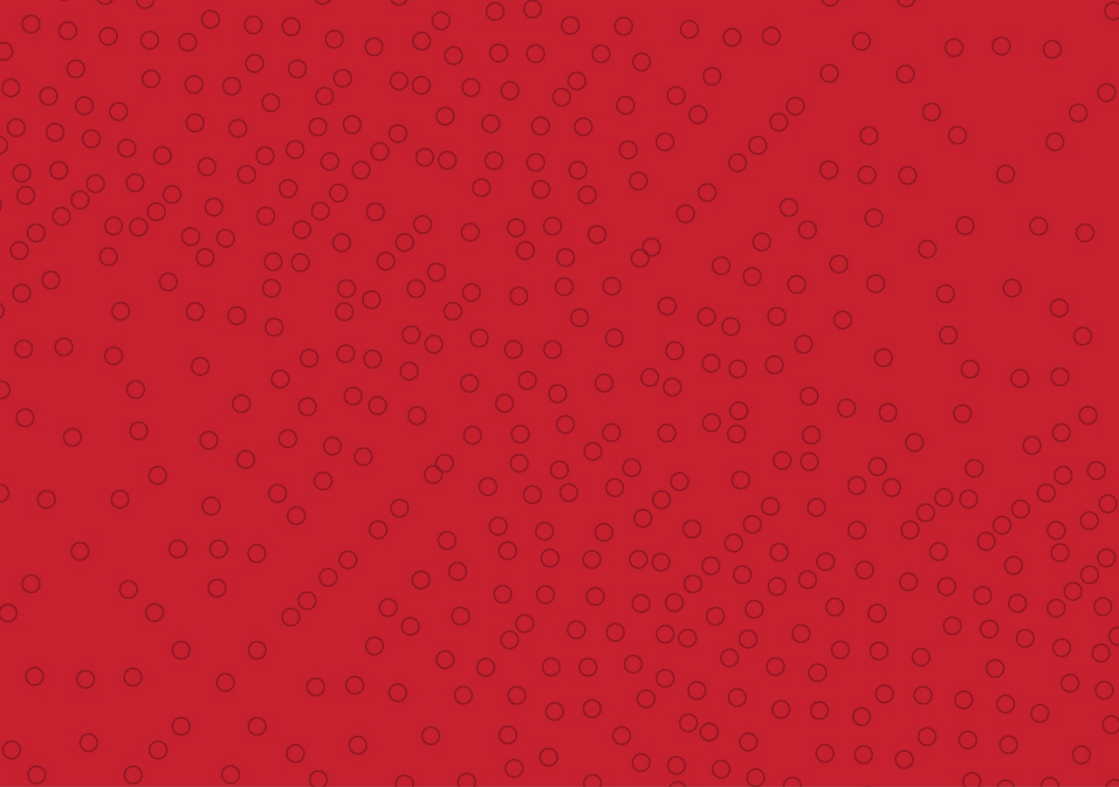

09:00	Welcome and introduction	K. Athanassiadi
09:15	Is there documented evidence for VATS segmentectomies?	K. Papagiannopoulos
09:35	The use of latest technology (science of energy and modern staplers) in segmentectomies.	TBC
10:05	Clinical anatomy of the right lung. Importance of anatomical variations in planning a segmentectomy.	TBC
10:30	Working Coffee Break	TBC
10:50	Clinical anatomy of the left lung. Importance of anatomical variations in planning a Segmentectomy.	TBC
11:10	The use of 3D digital imaging programs for the preoperative evaluation of patients. Pros and Cons	K. Papagiannopoulos
11:30	Can we support personalized use of technology in a safe manner in segmentectomies?	TBC
12:00	Case based scenario I: presentation & discussion	TBC
12:30	Case based scenario II: presentation & discussion	TBC
13:00	Working Coffee and Lunch Break	
13:45	Hands-on practice on Stupnik simulators	All
17:00	End of Day 1	

Day 2 Cadaveric Dissection

October 01, 2023

Faculty: Kostas Papagiannopoulos, K. Iliadis, K. Soultanis

08:30	Welcome and practical session introduction	All Faculty
09:00	Practice on right segmentectomies. S1+S2, S6, S8, S9, S10	All Faculty
12:00	Working Coffee & Lunch break	
12:45	Practice on left segmentectomies. S1+S2, S6, S8, S9, S10	All Faculty
17:00	Closing Remarks & Feedback	All Faculty and Delegates
